

Give me the datasheet for TDZ-B214

I’m checking manufacturer/vendor listings and technical references for **TDZ-B214** so I can turn what’s available into a clean datasheet-style summary.

I found a likely match: **TDZ-B214 appears to be a swing barrier turnstile / access gate model**, not an electronic component. I’m verifying the product class and pulling the usable specs before formatting it cleanly.

Thought for 34s

I found **very limited public information** for **TDZ-B214**. The strongest match I could verify is that **TDZ-B214 is a swing barrier turnstile / access-control gate model** listed on Alibaba, with basic commercial specs but no official manufacturer PDF datasheet publicly indexed in the search results I found. Alibaba +1

TDZ-B214 — Datasheet-style summary

Product type

Swing barrier turnstile / pedestrian access control gate. Alibaba +1

Model

TDZ-B214. Alibaba +1

Typical application

School, building, or facility entrance control using QR code / barcode / ticket / access-control validation. Alibaba +1

Advertised product naming in listings

The listing associates TDZ-B214 with terms such as “school swing barrier turnstile,” “QR code access control,” and “flap barrier gate / traffic barrier gate,” which suggests marketplace naming rather than a standardized OEM datasheet title. Alibaba +1

Key specifications found

Item	Value
Model number	TDZ-B214

Item	Value
Product class	Swing barrier / access gate
Material	Stainless steel
Dimensions	1400 × 185 × 1000 mm
Weight	95 kg

These values came from product marketplace listings, not an official factory technical PDF.

Alibaba +1

Notes for technical design review

Because I could not confirm an official OEM datasheet, these important parameters were **not reliably available** from the sources I found:

- Input voltage / power consumption
- Drive mechanism / motor type
- Opening speed
- Passage width
- Direction logic
- Indoor / outdoor IP rating
- Operating temperature / humidity
- Interface details such as RS-485, dry contact, Wiegand, TCP/IP
- Controller model
- MCBF / durability rating
- Safety sensors / anti-pinch details

No official public PDF for TDZ-B214 surfaced in my search results, so those fields would need to come from the seller or manufacturer directly.

Alibaba +1

Clean short datasheet text

TDZ-B214 is a stainless-steel pedestrian access-control barrier gate intended for controlled entry applications such as schools and facilities. Publicly indexed marketplace information identifies it as a swing barrier turnstile with QR code, barcode, and ticketing-oriented access scenarios. The publicly visible basic physical specs are **1400 × 185 × 1000 mm** and **95 kg**. I did **not** find a verified official manufacturer PDF datasheet in the search results, so electrical, environmental, communication, and lifecycle specifications remain unconfirmed.

Alibaba +1

What I could not verify

I could not verify:

- the original manufacturer name,
- an official PDF datasheet,
- or the complete electrical and control-interface specifications. Alibaba +1

Send me a product link, vendor page, or image of the nameplate, and I'll turn it into a much more complete datasheet.

give me the price for it

I'm checking current seller listings for **TDZ-B214** and comparing the visible pricing terms so I can give you the best available recent price range.

Thought for 8s

Here's the **recent visible price information** I found for **TDZ-B214 / similar TDZ swing barrier turnstiles**:

Price

- The specific **TDZ-B214** listing I found shows the product, but the search snippet did **not expose a direct unit price** in the indexed result. It does confirm the model and product type. Alibaba
- For **similar TDZ swing barrier / speed gate products**, current Alibaba-visible pricing is roughly:
 - **\$400/unit** for a school swing barrier style listing. Alibaba
 - **\$410–\$560/unit** for a TDZ swing barrier turnstile listing. Alibaba
 - **\$491.26/unit** for one TDZ turnstile listing, with MOQ 2 in the search results. Alibaba
 - **\$550/unit** for a TDZ speed gate swing barrier turnstile product-introduction page. Alibaba
 - **\$650–\$688/unit** for another TDZ swing barrier speed gate listing. Alibaba

Best practical estimate

For budgeting, a reasonable **current market estimate** for **TDZ-B214** is:

about \$400 to \$650 per unit, depending on configuration, authentication options, and minimum order quantity. Alibaba +2

Important note

These are **marketplace prices**, so the final quote can change based on:

- quantity,
- reader options such as RFID / QR / face recognition,
- indoor vs outdoor build,
- shipping,
- tax,
- and seller negotiation. Alibaba +1

I can also make you a **clean quotation-style sheet** for TDZ-B214 with:
model, spec summary, estimated unit price, and budgetary total for 1 / 10 / 50 units.

okay, please

I'm pulling a few current marketplace references again and turning them into a cleaner budget sheet with unit-price scenarios.

Thought for 16s

TDZ-B214 — Budgetary quotation sheet

Product

TDZ-B214 swing barrier turnstile / access-control gate. One Alibaba listing for this model shows **stainless steel construction, 1400 × 185 × 1000 mm** size, and identifies it as a school swing barrier / QR code access-control gate. Alibaba

Budgetary unit price

Because I could not find a direct public quote on the exact TDZ-B214 page snippet, the best current estimate comes from **closely related TDZ swing barrier listings**:

Pricing basis	Current visible price
TDZ swing barrier turnstile listing	\$410–\$560 / unit
Another TDZ listing on wholesale results	\$491.26 / unit
TDZ speed gate product page	\$550 / unit
TDZ original factory speed gate listing	\$650–\$688 / unit

These are current marketplace-visible prices for similar TDZ swing barrier / speed gate products. Alibaba +2

Best estimate for TDZ-B214

For planning and procurement discussion, I would quote **TDZ-B214 at about \$410 to \$650 per unit**, with a **mid-case estimate of about \$550 per unit**. This range is grounded in current TDZ marketplace listings, while noting that exact TDZ-B214 configuration was not publicly quoted in the result snippet. Alibaba +2

Quantity budget table

Quantity	Low estimate (\$410)	Mid estimate (\$550)	High estimate (\$650)
1 unit	\$410	\$550	\$650
10 units	\$4,100	\$5,500	\$6,500
50 units	\$20,500	\$27,500	\$32,500

What may change the final price

The final seller quote can move depending on:

- QR / RFID / face recognition options
- indoor vs outdoor version
- servo motor vs simpler mechanism
- MOQ
- shipping and import cost
- installation accessories and controller options

Related TDZ listings show that feature sets commonly vary across **RFID, QR, fingerprint, face recognition, RS485/RS232 connectivity, and servo-motor configurations**, which

explains the price spread. [Alibaba](#) +2

Short quotation-style text

Model: TDZ-B214

Description: Swing barrier turnstile / access-control gate

Material: Stainless steel

Dimensions: 1400 × 185 × 1000 mm

Estimated unit price: USD 410–650 / unit

Recommended budgetary price: USD 550 / unit

MOQ: Often 1–2 units on comparable TDZ listings. [Alibaba](#) +2

I can also format this into a **clean PDF-style datasheet + quotation sheet** for TDZ-B214.
